

Introduction:

Kirsche, her discord, and community have been being stalked and harassed since December 2022 by several connected individuals. She has tried to ignore the problem and let things rest, *but they keep instigating.*

(Note: This document references an extensive amount of screenshots, marked by the linked notes ([1-1] [2-3] [12-4]) It is suggested you open a second copy of the document in another window to view the screenshots at the same time as the timeline, rather than hopping up and down the document)

Main Individuals:

Dragon Fat Deposits / DFD / Agent Deepthroat / AgentDP / John Henry
Eden / Dagoth Ur

DFD is a moderator for SFO who has been the main person harassing Kirsche for the past 2 years and has directly instigated drama which targets her many times. They have directly incited drama in Kirsche's own chat which brought in SFO to the picture. They have several spies in Kirsche's server digging up dirt "for the day she kinda makes it". They had someone with close ties to them send a superchat slandering Kirsche to a streamer who previously had her as guest. This all started in December 2022 when Kirsche rejected a collab with the vtuber Spooki. It does not start in July 2023 when SFO says it does.

DFD does the dirty work while SFO constantly provides cover.

Short Fat Otaku / SFO / Dev

Dev's relevance in this doc is that he was alerted to his moderator having run gayops in Kirsche's server. Dev has shown, through all of the archives below, that he flip flops between:

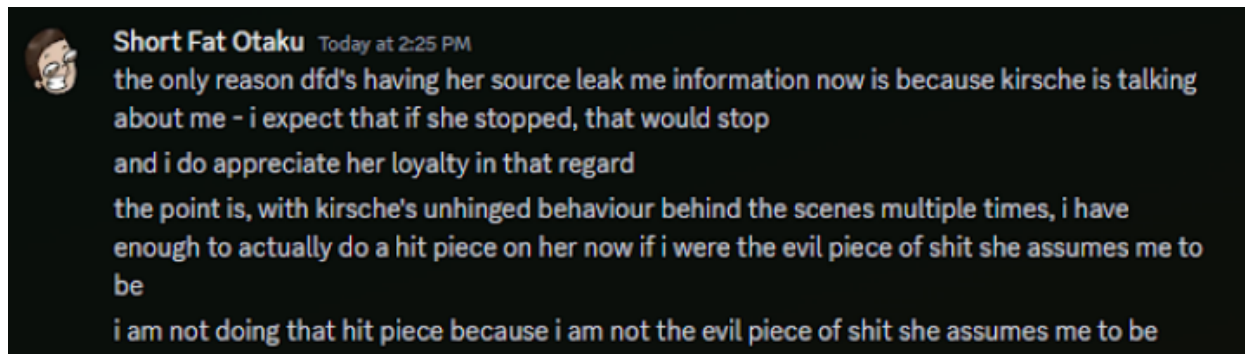

"There are no gayops"

"Well there were, but she stopped now"

"Well if anyone was doing gayops, I would remove them as a mod"

"Well she's still a mod, but it's because Kirsche said she didn't want the mod removed, and I'm just doing as she asked!"

Dev tries to play innocent, but he knows what his mod is doing and through speculation, we can gather he condones his moderator's actions especially when he threatens to make hit pieces on Kirsche if she speaks out. Any time Kirsche would ask to be left alone, Dev would come out and make a statement of "No U leave ME alone, Kirsche is the crazy one, there's nothing happening!" The entirety of this document shows a pattern of behavior and lying on his part. A retaliation video for making this archive public is fully expected, per the threat made in [\(10giv\)](#), where he will likely claim Kirsche was the one who wouldn't stop talking about him. However, she would even decline to comment on supas sent involving his name and sometimes not even read them at all if she caught his name was in them beforehand.

Spooki / Chi / mel_Chi_or / Boo Blanket

Spooki is an infamous name in the vtuber community, as he has tried and failed to get into a relationship with many 2view indies. One 2view indie he was flirting with, launched his name because he attempted to release a massive google doc to exonerate himself and prove that the woman vtuber in question was the one who was actually tricking him. This google doc he released, only solidified himself as a sperg and people would make fun of him every time he tried to anti the vtuber in question afterwards. Kirsche was made aware of this doc prior to DFD asking for Kirsche to collab with Spooki, and Spooki's reputation was why she declined. There are many vtubers who have stories of bad interactions with Spooki, which is again why his reputation is both very bad and well known. Spooki has gone through several rebrandings in an attempt to shed his former reputation, but is always found out because he acts exactly the same regardless of what new name or image he puts on.

RagingBull / Rage

RagingBull was a member of Kirsche's community that showed up one day and dropped a large donation. He seemed to suffer from main character syndrome and people either found him bombastic and interesting, or were completely off put by his egotistical rantings. There is not

much else to say on Bull aside from him being a catalyst in perpetuating gayops in Kirsche's server.

- a. When questioned for proof by Rhys_prime (a member of both Kirsche and SFO's community), refuses to provide receipts of this happening [\[5-2\]](#)
 - b. Finally he produces the chat from [\(3b\)](#) of Kirsche telling SFO that Spooki is "notorious" in the vtuber community and has been talking shit about Kirsche [\[5-3\]](#) & a link to the vod of the misunderstanding between Kirsche and Mr Personality [\(2i\)](#) [\[5-4\]](#)

7. September 19 2023, Three months later, a 3rd party (*not connected with Kirsche's community*) was concerned enough to contacts one of Kirsche's mods about DFD claiming to be collecting dirt on Kirsche to be dropped anonymously when she "makes it" [\[7-1\]](#)
8. September 30 2023, Eleven days later, Kirsche appears on the Archcast with Vee, Arch, and SFO (Kirsche was unfamiliar with the Archcast, and was unaware SFO would be a guest on at the same time as her)
 - a. After the Archcast, [Kirsche is contacted by SFO](#), where she confronts him with the actions of his moderator ([Video archive of DMs](#))
 - b. After speaking with her, SFO provides claims from DFD that she is not running gay ops on Kirsche, has no plans to use the information, and was just DFD being angry about WingedHussar "backstabbing" her, which SFO believes WingedHussar did to him too [\[8-1\]](#)
 - c. Kirsche provides **direct evidence** that DFD was claiming to be collecting information in Kirsche's server and waiting for the right time to drop it [\[8-2\]](#)
 - d. SFO deflects and tries to turn the conversation onto WingedHussar's "betrayal" [\[8-3\]](#)
 - e. SFO denies being complicit in DFD's actions [\[8-4\]](#)
 - f. SFO continues claiming DFD's actions are purely because of WingedHussar, and continues denying any gay-ops are occurring [\[8-5\]](#)

 - h. DFD denies disliking Kirsche at all prior to Kirsche speaking with SFO [\[8-7\]](#) (Directly contradicted by [\(2b\)](#) [\(2c\)](#) and [\(3a\)](#))
 - i. **Correction** - After being reminded of this conversation, Kirsche appears to have forgotten that SFO *had* contacted her prior to appearing on the Archcast and offered to not attend on the day she was on. [\[8-8\]](#) This conversation happened 2 hours before the start of Kirsche's donothon and over two months before she actually attended the Archcast.
 - j. Kirsche still maintains that, at the time of her attending the Archcast, she was not familiar with the show, thought SFO was an infrequent guest, and did not know he would be on the show the same day as her.
 - k. Kirsche's mindset just after the Archcast [\[8-9\]](#)
9. 1 Hour and 30 minutes after Kirsche's conversation with SFO, he contacted Arch [\[9-1\]](#)
 - a. ~~[All screenshot evidence for this section has been redacted]~~
 - i. After the twitter post by Arch [\(37\)](#), and with permission from the initial source of the screenshot, it has now been included
 - ii. ~~Since screenshots had to be redacted from this section, we are asking for a "just trust me bro" approach to this one section.~~ Kirsche reached out to Arch to ask if she would be able to obtain a screenshot of the DMs where she already knows what SFO has said to him regarding her. Not only does Arch decline, but Arch then goes to SFO and tells him that Kirsche is trying to get screenshots of his conversations with people

- b. SFO starts the conversation with “Remember this?” implying that they have discussed the drama between DFD and Kirsche before
 - c. SFO proceeds to lie about the conversation, reaffirming his view of the situation and leaving out the details of Kirsche’s view on it
 - i. SFO claims that he doesn’t believe DFD is running gayops, leaving out the fact that he was shown direct evidence of DFD saying she is collecting information to be dropped when Kirsche “kinda makes it” (8c)
 - ii. He also claims that Kirsche is saying SFO is complicit in the gayops that he doesn’t believe are happening.
 - iii. Despite these claims, later that day, SFO reveals he admits to Rhys_prime that he is being leaked info on Kirsche’s server in real-time (10d), that he knows Kirsche’s server is being spied on by DFD (10giii), and admits that DFD was performing gayops, but “stopped”, while SFO is being actively leaked information from “DFD’s source” (10giv)
10. October 1 2023, Later that day, a post was dropped on /pcg/ with an email for NuxTaku detailing a pile of evidence about Kirsche’s server containing records of users and mods making uncouth statements, offensive jokes, and an entire archive of her server (this has since been verified to actually have been sent and was not a bluff) [10-1]
- a. The timing of this, especially with DFD claiming to want to do such a thing is extremely suspicious (See 7)
 - b. Rhys_prime is contacted by SFO around the same time with the message “I KNOW” [10-2]
 - c. Kirsche mentions the 4chan post in NSFW3, and RagingBull reveals that he has been speaking with SFO and that he saw the post in Parrot4chan’s discord (parrotcord)

 - f. RagingBull posts screenshots from parrotcord [10-5]
 - g. SFO continues speaking with Rhys_Prime
 - i. SFO reiterates his view again, claiming DFD is not running gay ops, claiming DFD did not dislike Kirsche, claiming he is not responsible for what his mods do just because he won’t de-mod them, and claiming Kirsche’s view of the situation and SFO himself is wrong [10-6]
 - ii. Kirsche responds through Rhys_Prime [10-7]
 - iii. SFO **knows Kirsche’s server is getting spied on by DFD** and doesn’t care, since Kirsche has people giving her information from SFO’s discord [10-8]
 - iv. SFO claims he **isn’t involved in DFD’s gay ops**, and that **they stopped** after the outburst in (7), but immediately afterwards says “*The only reason DFD’s having her source leak me information now because Kirsche is talking about me*” and threatens Kirsche “*With Kirsche’s unhinged*

behavior behind the scenes multiple times, I have enough to actually do a hit piece on her” [10-9]

11. October 2 2023, While SFO is conversing with Rhys_Prime, the idea of nuking NSFW3 is brought up
 - a. Elfather mentions the decision in VC while RagingBull is in the channel
 - b. RagingBull immediately starts spamming that the channel is getting nuked and to “save the memes” [11-7]
 - i. This behavior, in addition to mentioning speaking with SFO (due to the knowledge of there being a leaker), was suspicious and it made the mod team hesitant to include RagingBull if a new NSFW channel were to be created
 - c. Without knowing who the actual mole was, Kirsche and Elfather made up a fake fight and waited for someone to take the bait
 - i. RagingBull then contacted StrayWolf (*a mod for Kirsche*) about a commission and revealed that it was for RagingBull’s friend DFD [11-1]

 - i. Due to this behavior from a brand new member, they are banned by Nym (Kirsche’s head moderator) and their message history is cleared

- m. Rhys_Prime has a conversation with RagingBull, while unaware of the suspicion around RagingBull [\[12-21\]](#)
 - i. Thinking RagingBull is trustworthy, he leaks DMs between him and Kirsche [\[12-22\]](#)

 - After his tweet, she received permission to release the screenshot of the DM to Arch, which has now been added to the document at [\(9\)](#)

- Additionally, a screenshot of Kirsche's thoughts on the situation just after attending the Archcast has been added to said correction
- Added a missing image to [\[15-2\]](#)

EDIT: July 26th, 11:34PM EST

38. July 24 2024, Kirsche receives a DM from Spooki (As Mel_Chi_Ori) threatening Kirsche with legal action if she doesn't remove references to him from this document [\[38-1\]](#)

what up`

Dragon Fat Deposits Today at 2:00 AM
Hi thank you for reaching out to me
so I have a friend who's also a Vtuber
from Massacheusets
and I wanted to pitch the idea to Kirsche if they could collab

Arnie Nühm Today at 2:01 AM
i'm all ears. can you give me his handle so i can look him up

Dragon Fat Deposits Today at 2:01 AM
sure thing
SpookiVT
i invited him to her server as he heard from her and is currently watching some of her content
<https://twitter.com/SpookiVT> (edited)
that was a strange link google
he streams evenings usually, and I think he would be fun to have on stream, as he can keep up with wild people.

Arnie Nühm Today at 2:06 AM
uh oh. so is he a male tuber with a female avatar?

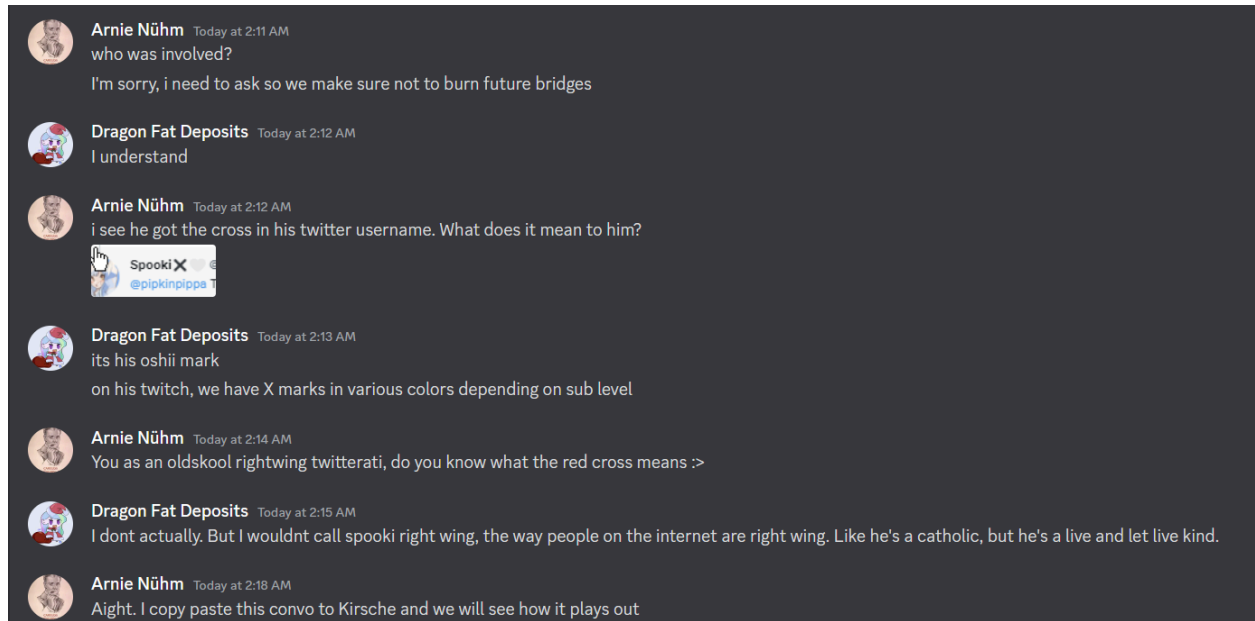

Dragon Fat Deposits Today at 2:06 AM
male tuber with a pretty boy avatar
he resents being called femboy
thats a good teasing angle
and he's into tangenting too

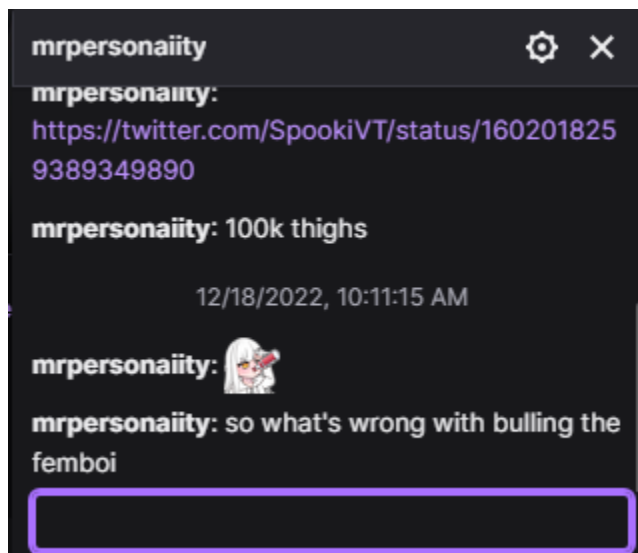

Arnie Nühm Today at 2:07 AM
he got a decent twitter following for a low 2view
i run it by Kir but the name spooki rangs a bell...and not a good one. Maybe its someone else

Dragon Fat Deposits Today at 2:08 AM
Yeah, he used to hit 20 at some point but due to moving and hardware issues he had to take a break from streaming as he did before.
Well if there's some negative rumors or anything, I can vouch for him.

if someone in the discord has me blocked on Twitter is that kind of a red flag 🧚‍♀️

the person who was trying to push getting me to collab withspooking, and even dmd [@Arnie Nuehm](#) about it wondering if this contributes to any anti posting or a possible leak of stuff that could get me in trouble on Twitter if they dislike me enough to have blocked me there but still sit in my community

man that sucks. dragonfats was good member of the community and we tried to deny her collab request for a fren (who has a history of being a chuuba grooming schizo catboy) as soft as possible. But blocking someone is a pretty strong signal. i think i have seen her in streams only once or twice after that. but thats just guessing, maybe ask her where she has been next time she shows up without pointing out that we know she blocked you.

Well, I will have to say I am a tad uncomfortable with having you in my discord server knowing the connections with Dragon--she was also recording voice chat while we have been talking in here which is a very odd thing to do if there's no plan for a video to be made-- and your proclivity to use doxx/personal info in your content even if just for "trolling" purposes as you claim.

I am glad you were willing to have a conversation but I think I will have to tap into a bit of that paranoia.

Hey @KirscheVerstahl

It's funny that you accuse me of being a "shit stirrer" or whatever nonsense in some Discord I am not in, but I have never spent time talking about you behind your back. I mean, except for the few times I've been shown clips and screenshots of you throwing slander my way, and here we are again.

How about this: I have no interest in being a prop in your phony "based and edgy" grift.

Whatever problems you have with people are not my doing. Your conspiracy theories are pathetic and I have no desire to collab with you. I have no idea where you got that from. I don't know anything about you, but from a cursory ask-around you seem to me like a third rate orbiter who couldn't get into a company and now you're desperate to stir controversy to be noticed.

I'm sick of getting messages that you're talking about me and making shit up every other month to bait sympathy.

Get my name out of your grifter mouth and stop being delusional. Your desperation creeps me out.

I sent the tweet because you was ranting about vtuber feet goals. And thought it was in context of things with the rant.

And I normally bullie most streamers to see where the line is that they set up.

Normally if they are thick skinned and can handle me being a dick I'll usually relax after a while but I still send them bad dragons given the opportunity because I find their reactions funny

Curse o' th' Luck o' th' Korsche 🦋 06/29/2023 9:21 AM

ye it's not a big deal but spooky seemed to think I was bullying him based on how I responded to you

so I just wanted to clear that up with you

MrPersonality 06/29/2023 9:32 AM

Most likely miscommunication somewhere or someone's missing context.

I'm personally not too worried about anything as most of what I've heard sounds like 4chan drama and I can't keep up with work and streams I do watch on top of all the bullshit.

Curse o' th' Luck o' th' Korsche 🦋 06/29/2023 9:35 AM

ye I don't expect most people to. like I said, you've always been nice around here so I had no issue with you, and since I needed to use your dm for the timeline of events and explanation I wanted to clear things 🦋 I'll combust this channel later, sorry for the issue with readability making you think there was some weird shit going on 🦋 here being stream since I know you weren't active in discord

Spooki 🐱 Today at 8:52 AM

Talk about an ugly practice though.

I don't understand how she can pull people aside to be obnoxious like that but can't just shoot me a quick message to clear things up

I can only assume she is enjoying stirring up this drama, considering her orbiters have been showing up in here too

@Spooki Talk about an ugly practice though.

Dragon Fat Deposits 🐉 Today at 9:07 AM

If you are a kirsche orbiter, I suggest for the sake of your right wing grifting vtuber that you keep quiet. Don't stir the pot anymore.

She accused me of being a shit stirrer, well, you and your oshi will find out I am fully capable of flinging olympic pools worth of shit, not just stirring it.

 @Zal_vid What's wrong with Kirsche?

Spooki  Yesterday at 1:35 AM

She's an orbiter and a grifter, terminally online and likes to start drama. I had to finally just @ her on Twitter and tell her to stop trying to use me as a prop in her grift, apparently she's been telling people that I've been begging her to collab when I don't think I've ever spoken to her in my life. No response of course. Doubt she'll stop.

Dragon Fat Depo...  12/29/2022 11:28 PM

dont worry about it i dropped Kirsche which i was shilling like I had converted to a religion worshipping her because honestly she was very cool but then it turns out she despises spooki without ever having spoken to him on two things rumors/slander and the fact she's genuinely homophobic with the idea of femboys hates them you wanna be gay, be a gay man but being a femboy means its one less masculine hetero man for her to lust for

seemed to have a good head on her shoulders

 The funny bit is that after Dev spoke with her, she was fine... with Dev.
 I didn't get an apology or an "agree to disagree" and I'm guessing you didn't either.

She's entirely mercenary. She was nice and heard Dev out because he has better numbers than her, not out of any moral standard.

 I'm complaining about her talking shit about *me* with no evidence, for no reason. I didn't even know who she was until the other day, when I was told she was talking about me, apparently for the second time.

Her grift is extra sad because she would probably agree with me on topics more than Dev, if I understand what I've heard about her correctly--but she only wants to talk to Dev to try and find an in to leech.

Actual intellectual honesty is not a factor.

yes, i can tell from what happened on stream. 👍 2

this person has been a shitstirrer in here previously.

I am fuzzy on remembering timelines because my memory is quite bad, however she is friends with someone named SpookiVT who is notorious for other reasons in the vtuber community.

I had several mods and myself asked about collabing with this Spooki person and I did not feel comfortable doing it due to the info I know about him.

Another person named "MrPersonality" had DMd me on twitch back in December or something, with a twitter post from Spooki showing off his thighs or something---I was likely tangenting about how vtubers who show a lot of real skin = bad or some sort of femboy reeeee stuff -- and I did not want to show someones stuff on my stream like that so I ignored the DM. This person then hit me with "so what's wrong with bullying the femboy" cuz I had said I didnt want to bully any specifc people.

At this point in time, a few weird coincidences happened, and then I received screenshots of Spooki telling people I was talking shit about him and how im a mean person. I do not care what he thinks about me but i do not like shitstirrers and their cohorts. she had left this server at this point in time, and when she came back I made sure to bar her entry from NSFW.

I am a woman so I am far too lenient, to the detriment of self preservation sometimes. But I would prefer someone like Dragon who seems to solely exist to attempt to create drama not be a part of my community.

Spooki 🧡 Today at 12:34 AM

There's a long history of people accusing me of X without evidence, none ever provided

At first I made an effort to actively debunk stuff like that

but, it didn't actually work for anything because people just treated it as proven in spite of evidence to the contrary

then the next accusation would cite the previous, objectively and factually debunked one as if it's proof

and if you cite the contrary evidence, the goalposts slide into a new position instantly "Well that might not have been totally right, but this actually just proves [other, more vague accusation]"

@Spooki I just want her to leave me out of whatever her grift is

Short Fat Otaku Today at 12:33 AM

right

her claim is that she doesn't care about you at all, the screenshot is her basically just being angry because winged hussar backstabbed her and partially used you to do it, and she doesn't actually intend to do any of that stuff - i don't know what she actually intends but i do know that she's got a very strong grudge against winged

if this just turns out to be our two mods feuding and dragging us into it i am going to be angry
lmao

Kirsche Today at 12:37 AM

the screenshot is not from winged and he was already not in her discord at thst point

Short Fat Otaku if this just turns out to be our two mods feuding and dragging us into it i am going to be

Kirsche Today at 12:37 AM

this is YOUR mod for the SECOND time dragging you into shit

let me remind you the only reason you wound up on my channel last time

was bevsuse she thought she could start drama with it by telling you to show up

Short Fat Otaku Today at 12:39 AM

winged hussar actually did backstab her. that much i have already confirmed, even personally, because he also backstabbed me

if she wanted to fuck with him by using you that's obviously bad

Kirsche Today at 12:39 AM

he doesn't matter in this conversation

Short Fat Otaku Today at 12:39 AM

but he's not somebody i would defend

Kirsche Today at 12:39 AM

and if you're buying her deflection man idk 🤔

Short Fat Otaku Today at 12:39 AM

well we can take dragon fat out of it

because he betrayed me too, independent of her

and i'm not going to persecute you for it

Kirsche Today at 12:40 AM

?

Short Fat Otaku Today at 12:40 AM

because that's unreasonable

Kirsche Today at 12:40 AM

what

[8-4]

Kirsche Today at 12:46 AM

i have proof for not believing her
winged hussar does not mention you at all

Short Fat Otaku Today at 12:46 AM

i'm glad

👤 @Short Fat Otaku i'm guessing your view of the situation is, she's going to come out of the woodwork d

Kirsche Today at 12:46 AM

she has made this very clear on multiple occasions

Short Fat Otaku Today at 12:46 AM

i'd like it to stay that way

Kirsche Today at 12:46 AM

her and spooki both had spergfits on twitter after you and i spoke
and then i learn later down the road
she is still speaking about me
and threatening me
in her own discord
and she has lied to you *twice*
in this convo

Short Fat Otaku Today at 12:47 AM

i don't know what spooki's problem is but i haven't talked to him in some time, he's left the
internet and i know nothing about it

Kirsche Today at 12:47 AM

and you still somehow want me to believe you
idk man

Short Fat Otaku Today at 12:47 AM

well

Kirsche Today at 12:47 AM

this makes me more suspicious of you rather than giving her any lenience
you're either retarded cuz you believe her when i've proven her to be lying
or you are complicit

Short Fat Otaku Today at 12:47 AM

lol, no i am not in on it
i'm trying to get the info
you said multiple times but showed me once
what else do you have

👤 @Short Fat Otaku her claim is that she doesn't care about you at all, the screenshot is her basically just

Kirsche Today at 12:49 AM

this
she assumed, wrongly, that the guy was winged hussar who outed it and said she only said
what she said because she was mad at winged.

[8-5]

Kirsche Today at 12:53 AM

i dont think you necessarily want to do anything to me, just that you would run defense for whatever gayops she is doing as she is your friend/mod
this conversation has already been exhausting if im honest
if you would like to stand by her side on this matter, have it my dude, but i have myself and my community to think about, so i would prefer to have no further communications 🌈

Short Fat Otaku Today at 12:56 AM

okay so
what's your prescription, basically
you don't have to be diplomatic. i appreciate being straightforward. is this basically a situation where, a stipulation for us continuing to talk is that i have to de-mod her? does that extend to the archcast as well, if you decide to come back?

Kirsche Today at 1:00 AM

it is weird you would desire to keep someone who has tried to get you involved with drama around on your mod team, especially when they are actively being not truthful about their actions. if you do not believe there is anything she is doing wrong, this also makes me distrust you based on her actions. I am not going to demand you demod her, cuz who the fuck am i, but i am uncomfortable with associating with you while she is your mod and especially so if you are going to defend her behavior

Short Fat Otaku Today at 1:06 AM

it's because:

- one, i've already told her not to do that dragging me into drama shit again and she has not.
- two, she didn't even do it before this, over the course of many years, which is what leads me to believe it's ACTUALLY because winged backstabbed her. she has never had judgment this bad before afaik.
- three, when she says that she's not running ops on you, i actually do believe that, for reason two. it was personal and emotional but it's over

i do think she's done something wrong, but i also think that i've handled it and that she's not going to do it again

so i'm not going to demod her, no. but if it turns out i am catastrophically wrong about my judgment here, i'll also give you everything she's said to me on this topic, so if she ever actually is retarded enough to break my trust and attack you, you'll have more than enough ammo to prove what happened.

Kirsche Today at 1:08 AM

- one, the first time this happened is when you got told you were being talked about in my stream. she wanted to start drama then. her and hussar were still friends then
- two, again her and hussar were still friends when it last happened, so why would she be serious about targetting me a 2nd time but because of hussar this time when she did it because of me last time and has been harping on this for months
- three, she has been furious over me since long before she even tried to involve you so it has absolutely nothing to do with hussar

[8-6]

Short Fat Otaku Today at 1:09 AM

i don't know where you're getting this from, but afaik, her and hussar were not friends when i came to chill in your stream one day. he and i certainly weren't either.

Kirsche Today at 1:10 AM

there were screenshots that day of him talking to her and their friendship breaking off.

that day being, when you came to my stream/discord server
and again, dragon has been pissed at me for *months* before that happened
you were just useful to try and cause drama for me
but instead we ended amicably

Short Fat Otaku Today at 1:11 AM

what was she pissed at you for, pre-hussar?

Kirsche Today at 1:15 AM

i turned down a collab with some dude named Spooki who has a very bad rep in the vtuber community. I turned it down because i know of his history with another vtuber i know personally. One of Spooki's friends, i did not know it was spooki's friend at the time, sent me a twitch dm while i was live after i was talking about bullying femboys. it was a tweet from spooki that has since been deleted so i have no idea what the context of spooki's tweet was, and i was asked "why not bully the femboy?" and i said oh i dont want to bully and im sorry for accusing you of being a fan of his

this got extrapolated, somehow, to me talking shit about spooki and spreading lies or some nonsense, and hes since used it to farm pity points. dragon was the one who asked my mod to have me collab with spooki, so she got very pissed that i was "talking shit" about her friend and she publicly mentioned how im a terrible person/grifter/clout chaser and kept spreading these rumors about me.

i have no idea why she has this crazy vendetta or why its worth it to go through all this trouble when me turning down a collab with someone isnt exactly insane.

Short Fat Otaku Today at 1:16 AM

oh man

so, as i said, i haven't spoken to spooki in some time, he seems to have vanished
but i do have spooki lore

Kirsche Today at 1:17 AM

she also has no reason to be pissed at me "post hussar" as again, he was only brought on as a mod for my donothon

and also, unless shes coming to my stream or utilizing those "6 people in kirsches discord"
she wouldnt know hussar got put on the mod team for my donothon
and for being live 24/7, she would have to have some pretty nutz timing to be there exactly when hussar was

Short Fat Otaku Today at 1:20 AM

i'm not in the vtuber community and i don't REALLY know what kind of rep spooki has in it, but i did hear him say that /vt/ doesn't like him. whenever i spoke to him he was a good guy (tbh, a bit of a dev simp), we did a couple of crossovers together, nice fella, occasionally a bit too familiar but i chalked it up to autism, i've also turned down many collabs with him and

[8-7]

**Short Fat Otaku** Today at 1:23 AM
if you don't mind, refresh my memory on spooki's rep, i genuinely don't remember

**Dragon Fat Deposits** Today at 1:18 AM
i called her a grifter and clout chaser after the incident on her server
not over spooki
and for the record ive cut ties with spooki
nothing bad rep related
he's just an ass hat
at the time i thought he was different, likable
and i wanted to see if they could bounce off each others personalities
she's hilariously overblowing shit thinking i have a vendetta
much less over spooki of all things
curious how she hasnt also banned the person who brought spooki up initially in her discord
Mr Personality
but then again, Mr Personality tips in the triple digits
and buys expensive gifts to vtubers

@Dragon Fat Deposits i called her a grifter and clout chaser after the incident on her server

**Short Fat Otaku** Today at 1:22 AM
so, before her and i had that talk on her server, you just weren't negative towards her?

**Dragon Fat Deposits** Today at 1:22 AM
no
not at all

**Short Fat Otaku** Today at 1:22 AM
she seems to think you were
and it was spooki related

**Dragon Fat Deposits** Today at 1:22 AM
i linked every stream of hers
and every clip
on my discord
promoting her
if anything its a big misunderstanding
but i'll make it clear i dont intend to rebuild any kind of bridge
just leave me alone

**Short Fat Otaku** Today at 1:23 AM
man
you are my friend
which is why i am doing this instead of sleeping

**Dragon Fat Deposits** Today at 1:24 AM
then tell the crazy bawston bitch to calm her tits theres nothing there, nobody is out to get her
well im not

well that seems to be the bottom of it

**Short Fat Otaku** Today at 1:30 AM
it's been the same for me

her view is that she has no vendetta against you over you and spooki not collabing, and she did not hate you before you and i had that big public convo on your server - your view is that she hated you due to you and spooki not collabing and everything has stemmed from that anyway sorry for keeping you up this late and stressing you out

i just would feel bad, because i dont like telling someone i dont want to interact with them and i just do not feel comfortable with dev and the way dragon fats has acted for the past *fucking year+*

and i dont want to impose on vee or arch by being like "heyyyy im happy to come on again but i dont want to be on at the same time as dev as there are some issues there"

cuz to them it will just look like *i am the one* starting drama

@ Arch

Short Fat Otaku — Yesterday at 7:51 AM

remember this?

the tldr is:

my mod says she was a fan of kirsche, she wanted kirsche to cross over with spooki tv, kirsche didn't want to, my mod was fine with it, kept watching and promoting her stuff, and only turned on kirsche after that event. she was pretty inflammatory about the whole thing, but doesn't care about kirsche anymore. one of kirsche's mods, who was my viewer and her friend, backstabbed her over it though and she is livid towards him.

kirsche's view of it is that my mod wanted her to cross over with spooki tv, she refused, and my mod has been leading a vendetta against her ever since. it is an entire shit show

kirsche doesn't want to associate with me if she remains my mod - i don't know how that extends to you or your show

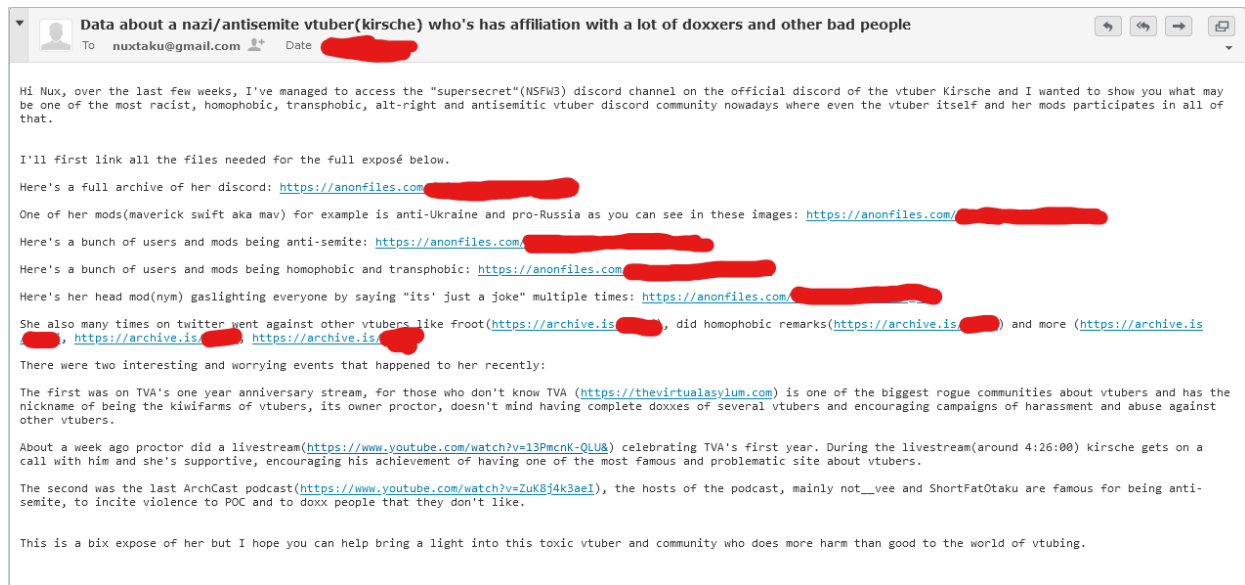

i assume she will simply not come on again if i am on

Short Fat Otaku — Yesterday at 6:41 PM

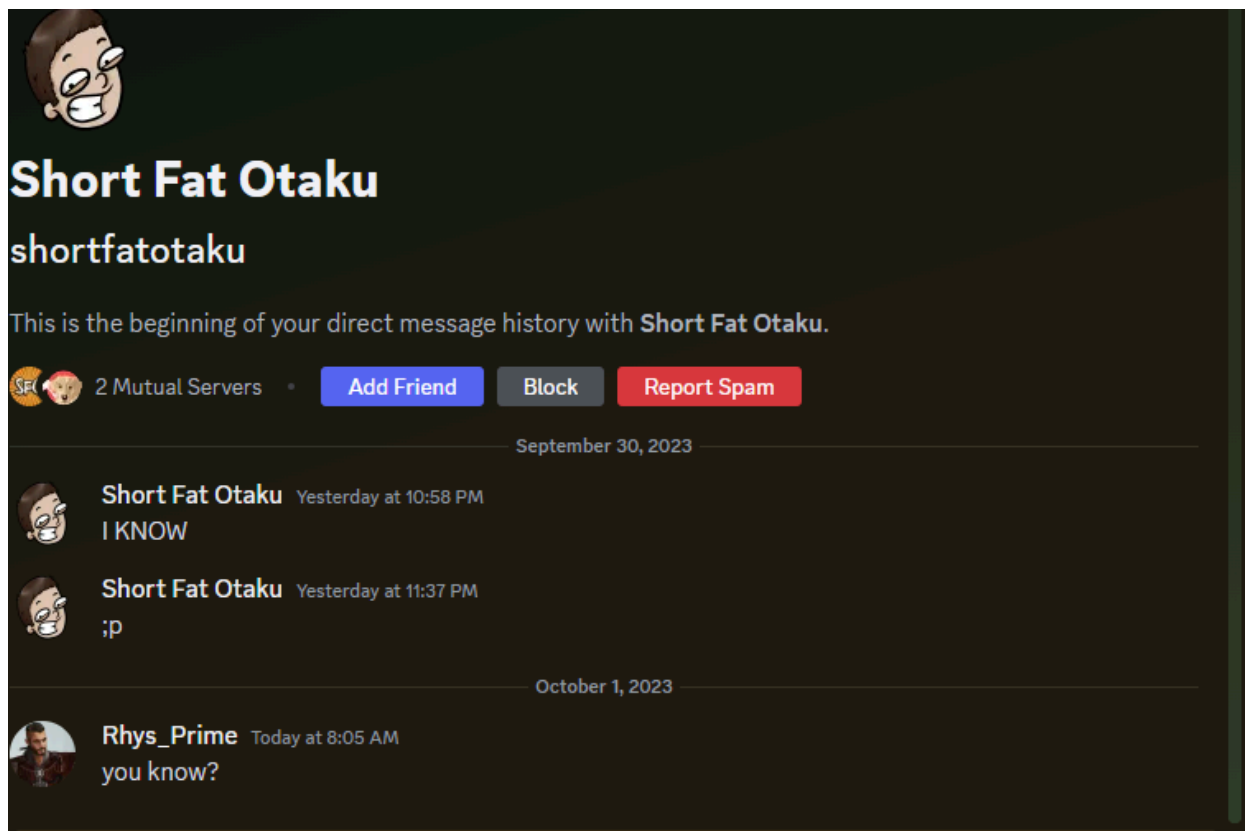

kirsche doesn't want contact with me as long as dragon fat is one of my mods

because she thinks dragon fat is running gay ops against her and trying to end her career and that if she's my mod i am complicit

Let's see if I can make kirsche get a nux video and make her and her community famous

Data about a nazi/antisemite vtuber(kirsche) who's has affiliation with a lot of doxxers and other bad people
To: nuxtake@gmail.com Date: [redacted]
Hi Nux, over the last few weeks, I've managed to access the "supersecret"(NSFW) discord channel on the official discord of the vtuber Kirsche and I wanted to show you what may be one of the most racist, homophobic, transphobic, alt-right and antisemitic vtuber discord community nowadays where even the vtuber itself and her mods participates in all of that.
I'll first link all the files needed for the full exposé below.
Here's a full archive of her discord: [https://anonfiles.com/\[redacted\]](https://anonfiles.com/[redacted])
One of her mods(maverick swift aka mav) for example is anti-Ukraine and pro-Russia as you can see in these images: [https://anonfiles.com/\[redacted\]](https://anonfiles.com/[redacted])
Here's a bunch of users and mods being anti-semitic: [https://anonfiles.com/\[redacted\]](https://anonfiles.com/[redacted])
Here's a bunch of users and mods being homophobic and transphobic: [https://anonfiles.com/\[redacted\]](https://anonfiles.com/[redacted])
Here's her head mod(nym) gaslighting everyone by saying "its" just a joke" multiple times: [https://anonfiles.com/\[redacted\]](https://anonfiles.com/[redacted])
She also many times on twitter vent against other vtubers like front([https://archive.is/\[redacted\]](https://archive.is/[redacted])), did homophobic remarks([https://archive.is/\[redacted\]](https://archive.is/[redacted])) and more ([https://archive.is/\[redacted\]](https://archive.is/[redacted]))
There were two interesting and worrying events that happened to her recently:
The first was on TVA's one year anniversary stream, for those who don't know TVA (<https://thevirtualasyum.com>) is one of the biggest rogue communities about vtubers and has the nickname of being the kluifarms of vtubers, its owner proctor, doesn't mind having complete doxxes of several vtubers and encouraging campaigns of harassment and abuse against other vtubers.
About a week ago proctor did a livestream(<https://www.youtube.com/watch?v=13Pmcnd-QJ8>) celebrating TVA's first year. During the livestream(around 4:26:00) kirsche gets on a call with him and she's supportive, encouraging his achievement of having one of the most famous and problematic site about vtubers.
The second was the last ArchCast podcast(<https://www.youtube.com/watch?v=ZuB14x3aeI>), the hosts of the podcast, mainly not_ee and ShortFatOtaku are famous for being anti-semitic, to incite violence to POC and to doxx people that they don't like.
This is a big expose of her but I hope you can help bring a light into this toxic vtuber and community who does more harm than good to the world of vtubing.

this doesn't sound like you giving me the benefit of the doubt
my behaviour?
i have done absolutely nothing

Rhys_Prime Today at 1:26 PM

ok I guess I should say about , the people in your community?

Short Fat Otaku Today at 1:26 PM

i have been outside all day doing other shit while kirsche has apparently been losing her
fucking mind
here let me put it this way

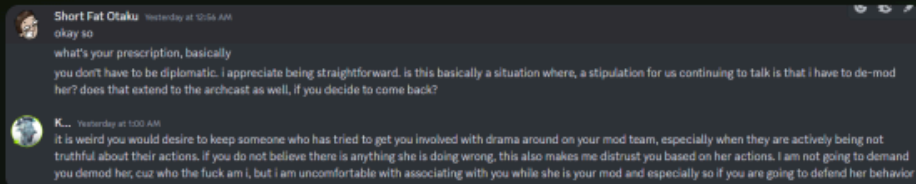

Rhys_Prime Today at 1:26 PM

Well, I would say yes she has a tendency to spiral, however it definitely appears that
someone is actively trying to fuck with her
It could be DFD, it certainly appears to be based on her schizo threats

Short Fat Otaku Today at 1:27 PM

kirsche wanted to paint a narrative of roping me in to whatever nonsense DFD was doing
because she is a paranoid schizophrenic

i don't care to maintain a bridge with her, i haven't spoken about her publicly since the arch
cast and i don't intend to, and i'm running absolutely zero gay ops against her, she's not
worth the energy

if she wants to think i have it out for her she can go on believing it

Rhys_Prime Today at 1:30 PM

I don't believe you are really, I do think someone is trying to fuck with her and is either trying
to make it look like it's you or it is legit someone in your community. Spooki sure does like to
go on tirades about her.

My ideal resolution to this is basically people stop fucking with everyone and everyone goes
on about their lives.

Short Fat Otaku Today at 1:33 PM

mate, dragon fat dumped the whole convo to me, you are significantly less charitable
towards me in those logs than you are being now (edited)
lol

i will tell you what i told kirsche

don't play diplomat and say directly what is on your mind

 @Short Fat Otaku don't play diplomat and say directly what is on your mind

Rhys_Prime Today at 1:39 PM

Ok, Here's what's up. I know maybe 20% of what's going on, I come into Kirschecord one day I see a thread of you and her chatting. I think, oh cool 2 of the content creators I like are doing some stuff. Oh they're not, but they're civil. (I have brought up multiple times in both discord and stream that you have kept your word that you did not make content about her). Spooki and DFD make some nonsense up in your discord and I ask them for proof and really just ask them to substantiate anything they say.

Everything is cool, You come up from time to time in the discord as either I link one of your vids because you made some good points, or because I disagreed with some. Anyways then archcast happens, and now there's ALL this new drama and shit getting brought back up. You DM me out of nowhere and I'm kind confused. Then stuff in Kircord happens and I don't know what's going on. Screenshots get dropped, I look at them and they don't paint a good picture of people in your community. Not necessarily you, but it's something you've known about at least? So I literally do not know what to think. It's not something I'm terribly interested in. Especially in this world where we are beholden to twitch and youtube and they will cancel you for things said off platform.

What I want is very simple. I want SFO and Kirsche to be able to make videos and streams and not kill each other

Short Fat Otaku Today at 1:40 PM

ok

so

kirsche's view is that dragon fat has been running a vendetta against her for months before i ever knew who she was, because kirsche rejected a collab with spooki

Rhys_Prime Today at 1:41 PM

That appears to be true based on the fact that she's spying on the discord.

Short Fat Otaku Today at 1:41 PM

dragon fat's view is that this is fake, and she only started actually hating on kirsche AFTER the kirsche dev struggle session

yeah well in those logs people are posting screencaps of dragon fat and spooki talking in my discord too so i don't care

public discords

Add Super Reaction

kirsche believes that because i won't de-mod dragon fat i am responsible

and that this is MY gay op being run against her

but it is not

it's not even dragon fat's

yes i know about that hit piece that dropped this morning

dragon fat linked me laughing about it and said "kirsche was too dumb, she was worrying about me when it was somebody else"

the person responsible is apparently a guy named parrot4chan?

dude i don't fucking know who any of these retards are

Rhys_Prime Today at 1:44 PM

I feel you

Short Fat Otaku Today at 1:44 PM

and i don't care to know

so kirsche is blaming me for this

and a LOT of the shit she said in her logs about me and in involvement is just flat out wrong

dude i dont fucking know who any of these retards are

It happened

[Data about a mail/anonymous website] who's has affiliation with a lot of doxxers and other bad people

Hi Ben, over the last few weeks, I've managed to access the "anonymous" 50kmail discord channel on the official discord of the student Kirsche and I wanted to show you what may be one of the most racist, homophobic, transphobic, anti-right and antisemitic student doxxers community members where none the student should and were most participants in all of it.

I'll first link all the files needed for the link exposed below.

Here's a full archive of her doxxing: <https://www.gofile.io>

One of her homophobic stuffs also may for example is anti-trans and pro-male as you can see in these images: <https://www.gofile.io>

Here's a batch of users and male being anti-lesbian: <https://www.gofile.io>

Here's a batch of users and male being homophobic and transphobic: <https://www.gofile.io>

Here's her head modmailing/gossiping everyone by saying "I'll just a few" multiple times: <https://www.gofile.io>

She also may talk in badger and against other doxxers: <https://www.gofile.io> did homophobic remarks: <https://www.gofile.io> and more <https://www.gofile.io>

There were two interesting and worrying events that happened to her recently:

The first was on 7th of a year anniversary server, for those who don't know <https://www.gofile.io> is one of the biggest rage communities about doxxers and has the strongest of being the doxxers of students, this member started, she also made homophobic and encouraging campaigns of harassment and also against the LGBT.

Second a week ago another did a livestream on <https://www.gofile.io> celebrating 7th of first year, during the livestream (around 2:00:00) being put on a call with 10k and she said homophobic remarks and she said "I'll just a few" multiple times about "students".

The second was the last doxxed post (<https://www.youtube.com/watch?v=3C8b376>), the hosts of the podcast, mainly one and the doxxers are famous for being pro-right-wets, to be like violence to POC and to also people that they don't like.

This is a bit messy of her but I hope you can help bring this light into this toxic voter and community who does more harm than good to the world of voting.

i'm not involved in any gay ops being run against her, i'm not involved in any feud or vendetta between spooki or dragon fat or her or hussar or anybody else. I'm not responsible for any of their actions, and I don't care about their history or their fight. take it up with them if you have a problem, and keep me out of your drama nonsense.

Rhys_Prime Today at 1:49 PM
Fair enough

Short Fat Otaku Today at 1:50 PM
and - while i appreciate you defending me during the moments you did, like hussar, i am disappointed you didn't dm me yourself and ask what was up before jumping to conclusions

Rhys_Prime Today at 1:51 PM
Well I've never interacted with you off twitter

Short Fat Otaku Today at 1:51 PM
other than explaining the situation privately to arch/vee if they want details, i don't intend to talk about kirsche anymore, and she should treat me the same way.

**Rhys_Prime** Today at 2:08 PM
Kirsche's response.

**Kirsche** Today at 2:04 PM
fair
Tell him there are a lot of inconsistencies that do not add up, and considering the length of time DFD has been fucking with me, the coincidental timing of the screenshot of the supposed expose dropping right after i spoke to him, there is 0 chance i am going to believe it is not her and spooki. The most i think SFO is involved would be covering for DFD as she lies about it, as that is what he was doing in our dms. I am not sure why he would offer to give up the people spying on my server, or why he even has them in my server to begin with if he has nothing to do with this but it is a very odd thing indeed since I have no spoken about him until our convo the other night.

**Rhys_Prime** Today at 2:07 PM
he never offered to give them up, that was something i suggested. HE doesn't have them, DFD does apparently?

If there was any chance you could get a screenshot of the source DFD has. Dude We all like it in there, we enjoy not strictly obeying discords rules. The thought of a spy for someone who hates our community sucks

[10-8]

Short Fat Otaku Today at 2:14 PM

she is a retard for assuming and needs to get her head on straight

Short Fat Otaku Today at 5:14 PM

i never said i had people in her fucking server dude

i just said i didn't care if other people are spying on her server because SHE has people in MY server

she's fucking paranoid delusional

R... Today at 5:14 PM

I know you didn't

She assumed

because you had screenshots of our channel

I corrected her

Short Fat Otaku Today at 5:14 PM

she is a retard for assuming and needs to get her head on straight

there i already cropped it

send it to her

lmao

Rhys_Prime Today at 2:15 PM

Lol. She's asking for the person feeding screenshots and logs to DFD

She just assumed it was you

getting fed not doing the feeding

Short Fat Otaku Today at 2:16 PM

there is exactly zero chance DFD will give that name to me, frankly

Rhys_Prime Today at 2:16 PM

I have already corrected her even before posting that to you that it's not you

Short Fat Otaku Today at 2:16 PM

i dont know if its her alt account

or her friend

it might secretly even be you for all i know

Rhys_Prime Today at 2:16 PM

Ha It's definitely not

Short Fat Otaku Today at 2:16 PM

i don't know who it is and frankly with the extreme lack of charitability she's given me i don't care about finding out

the only thing i want out of this situation is for her to leave me out of her feuds with other online retards

i told her last time i would not go public with anything and i'll honour that request unless she goes public first or tries to fuck with my friends

Rhys_Prime Today at 2:17 PM

I'm with you on that

I brought it up before

that you were good on your promise

I do wish we could find out who it is though. fuck. oh well.

[10-9]

Rhys_Prime Today at 2:23 PM

She doesn't want anything to do with you, you don't want anything to do with her. Seems like the best way to leave things.

Short Fat Otaku Today at 2:23 PM

i am not involved in any of dragon fat's gay ops, and afaik they stopped soon after her initial outburst in that screencap that really doesn't make her look good

Rhys_Prime Today at 2:24 PM

I mean that screenshot is from like an hour ago

Short Fat Otaku Today at 2:24 PM

nah the one from dfd where she was like "i'm gonna drop a package on her if she gets big" or whatever

that was from july

Rhys_Prime Today at 2:25 PM

oh

Short Fat Otaku Today at 2:25 PM

the only reason dfd's having her source leak me information now is because kirsche is talking about me - i expect that if she stopped, that would stop

and i do appreciate her loyalty in that regard

the point is, with kirsche's unhinged behaviour behind the scenes multiple times, i have enough to actually do a hit piece on her now if i were the evil piece of shit she assumes me to be

i am not doing that hit piece because i am not the evil piece of shit she assumes me to be

@Short Fat Otaku the only reason dfd's having her source leak me information now is because kirsche is

Rhys_Prime Today at 2:27 PM

Sure, it'd just collect with DFD someone who clearly hates us all. I know you have no reason to care, but obviously we do if someone is out there collecting our stuff to try and fuck us potentially.

Short Fat Otaku Today at 2:28 PM

well

kirsche, since you're probably reading this, here's a lesson i learned from sargon
make a point to talk and behave in private exactly the way you do in public

Rhys_Prime Today at 2:29 PM

My dude... We live in a world where doing that would cost many people their jobs

Short Fat Otaku Today at 2:29 PM

you will never find unhinged logs of me talking in some private call or discord for this exact reason

yeah it requires a backbone i know

but you will be better off for it in the long run

Rhys_Prime Today at 2:31 PM

Come on, you really think that behaving the exact same in all circumstances is appropriate? Making off color jokes among friends vs in a professional environment?

Short Fat Otaku Today at 2:31 PM

if somebody brings up off colour jokes i make in private i simply say "yeah it's a joke i made

[11-1]

**RagingBull** 08/01/2023 9:12 PM
oh thats horrible

**StrayWolf** 08/01/2023 9:12 PM
they will get better
but it's still stressing
question can I publish this later or it's like a private commission?
forgot to ask

**RagingBull** 08/01/2023 9:16 PM
hmm...well. i may give you full details since your a good friend and i want to make sure you make a informed decision.

so my friend. who i had you make the art for was dragonfatdeposits.

idk your feelings about her. but i feel the need to disclose that.

**StrayWolf** 08/01/2023 9:16 PM
I don't have any personal feelings or attachments
nor do I know her personally
the commission was requested by you

**RagingBull** 08/01/2023 9:17 PM
ok. cause ik u were around when the autism drama in the server happened. so i didnt know if that colored you one way or another.

**StrayWolf** 08/01/2023 9:18 PM
how you use it or if it's a gift for someone else it's not really a matter that affects me in anyway
that's how I see it
I don't have any rights to prohibit you of using the art how you see fit

**RagingBull** 08/01/2023 9:19 PM
good. thats a good way to see it.

then yea. feel free to post it. i dont see any issue.

**StrayWolf** 08/01/2023 9:19 PM
but I'd like to know if I can publish this on my pixiv and twitter
because any completed commission is good advertisement
and it's good art I think?

HeyImLucious Today at 8:30 PM

Just thought of this, but might be relevant. *Why* he'd try to gaslight everyone into thinking he's Jewish? I don't know. But this, along with other things he's said, might draw his honesty into question. He's been relatively "open" about his life in DMs, presumably because "if I do it, then he will" line of reasoning, but for someone who purportedly values opsec, why? He doesn't know me. Plus the things he's told me are mostly broken/rough childhood kind of things along with a near fantastical story about him surviving some shooting (which, technically, is possible- but incredibly unlikely. I've seen no scars or evidence of it actually happening, though.

He's made some correct inferences about me based on tidbits that I've told him, so he's not dense in terms of interpersonal stuff. I mention this because that's a trait necessary for manipulation. I don't have proof one way or another, and I'd rather not say "rat!" without evidence. Just thought you should know extenuating info.

Kinshie Today at 1:00 PM
Rhys_Prime Today at 1:00 PM
in the honest opinion
the comes off like a disinterested middle manager who doesn't want to deal with this shit
the messaging of Kinshie
he seemed like he wanted to jump on that as deflection possibly
Though he would just be worried about whatever Kinshie they had
I think you're absolutely right to call any and all lies with DFD, it makes perfect sense
I said before he'll probably not make content about you, he claims he has enough from those
DFO to make a bit piece. If there are all the DFOs, then I don't think it would be very effective
without significant editing
As for DFO... what a fucking asshole period
Kinshie Today at 1:00 PM
at it is very ironic to me that I have all of this evidence of DFO harassing me
but DFO wants to call me the paranoid one
Rhys_Prime Today at 1:00 PM
Yeah
My thinking is you associating him with it is what makes him claim paranoia
I don't think he's behind the "gay eye"
Kinshie Today at 1:00 PM
I don't have anything to do with him that would be something he could make content out of,
so on left to assume he might be talking about whatever DFO has dug up with her days
I don't think he has any real involvement, other than maybe lying to defend DFO
and if there was lying to defend her
help she has been damaged
Rhys_Prime Today at 1:00 PM
Yeah he's just defending his friend I think
which in this instance is a mistake
they're clearly nuts
It's probably the same shit that people say about serial killers "oh he was a nice quiet boy"
Kinshie Today at 1:00 PM
would I see defending a friend, the very word when I show him how they lying and he just
tries to wear a the timeline of when things happened
Rhys_Prime Today at 1:00 PM
Cognitive dissonance is a thing
Kinshie Today at 1:00 PM
Yeah
Rhys_Prime Today at 1:00 PM
Yeah, dealing with DFO is the actual problem
anyone trying wants to fuck you over
I don't know who could be the spy. I usually have no idea who it would even be
There are people I disagree with often, hell people I dislike, but I don't see them doing that
Kinshie Today at 1:00 PM
otherwise, it is, it is someone who interact with regularly
which is
the lucky part
and there are no mistakes in rape
Rhys_Prime Today at 1:00 PM
yeah
Rhys_Prime Today at 1:00 PM
Lol, he was the one who said he was like a girl calling the hotline an N word, he was
not amused
Kinshie Today at 1:00 PM
DFO
Rhys_Prime Today at 1:00 PM
Yeah
Lol
Kinshie Today at 1:00 PM
By far talking time with this by the way
sorry for the bother
Rhys_Prime Today at 1:00 PM
No problem, honestly my genuine hope is that you both walk away from this unscathed and I

Hey

you

yes you

I know which account it is.

I just wan you to tell her. I'm not actually behind anything involving the recently surfaced email to nux. I wouldnt be able to stomach typing like a lefty. But I want you to know. That I can see all the posts.

Dragon Fat Deposits  Today at 3:21 PM

I can see the discussions, even NSFW2, NSFW3. I know everything. I wouldnt plan anything. Much less try anything. I know of the content within said server, i know whats tolerated on there, and it would be very problematic for it to surface. But i am reasonable. You come to terms its not me. It was an old bluff, angered blustering. Drop this, and walk away. If I actually hated you, we'd both be on the news. (edited)

Dragon Fat Deposits 🚩 Today at 3:46 PM

tldr, i said some mad shit talking shit about kirsche once upon a time. this turned me into the boogie man for her. They think the coming gay op against her at the hands of some leftists is all me.

Hattsworth 🐱🐱 Today at 3:47 PM

Yeah my one part was correct.

Rhys_Prime Today at 2:52 AM

We chatted, his account got suspended apparently, he made a new account, he msged me on steam asked me to add him as friend, he said he was having a really shitty day, wanted to VC

I say oday. We talked. He basically gripes about how you hate him or so he thought. He goes into some of the sfo drama, I go into my bit of the sfo drama, nothing specific just , "my wish is nobody gets hurt and everybody walks away from eachother." And I bitch about dfd, he kinda runs cover for dfd.

Kirsche Today at 2:55 AM

He basically gripes about how you hate him or so he thought
🐱 why would he say this

Rhys_Prime Today at 2:55 AM

Anyways, he brings up something about hoping your community survives because you are having menhara episode and people are freaking out, I say "who is fraking out?" He says "elfy is complaining about how you were treating him"

Kirsche > He basically gripes about how you hate him or so he thought 🐱 why would he say this

Rhys_Prime Today at 2:55 AM

He thinks you hate him, I dunno.

Rhys_Prime Today at 4:20 AM

In the call, I sent you all the screens I had

When he was concern baiting over you. He claimed that you had burned bridges with vee and arch

I asked what he meant. He couldn't say more "without going into very personal info"

Kirsche Today at 4:21 AM

that doesnt even make sense

Rhys_Prime Today at 4:21 AM

Yeah, I dunno! He had already told me what elfy said to him

I didn't know what happened between you and vee and arch (and I do not want to know not my business) so I didn't really challenge him or question him on it. I just went "oh, that sucks, she fit in well and the comments loved her on archcast"

Fuck, I can't tell him sam deleted his server. He knows I tried to reach out to sam. So obviously the server/sams account were still up

Kirsche Today at 4:27 AM

shid

Rhys_Prime Today at 4:28 AM

I'll get with sam to think of something.

@Rhys_Prime I didn't know what happened between you and vee and arch (and I do not want to know n

Kirsche Today at 4:28 AM

ye as far as i know, vee is like fuck drama but i see whats happening with you and im sorry dude, and arch just doesnt want to deal with it, which i understand i do not want to cause him any problems

So yah I am pretty rightfully feeling hurt.

after I protested today I lost access to the

because of that too

I don't know what to do

Is that shit true Bull? Are you friends with
DFD? Have you been leaking server stuff?

Rage hoy a las 10:37

Am I friends with dfd? Yea I've stated I am. I've not tried to lie about that dude. I've known her for a long time.

Have I leaked shit? Fuck no why the fuck would I? As I said before if I was "Le spy" why in the godamn fuck would I say that Ik shortfatotaku or dragon?

I respect you elf you are a true fucking friend and if you ever had questions ill answer them.

At least those fuckers that started this need to

I lost my fucking place, I lost a nice cozy corner
as well
I'm fucking fuming
I Didn't think I would get treated like this
FUCK THIS SHIT

Rage hoy a las 10:41

Legit no clue. Dragon alluded she may know. I asked if I can know. She told me no. I asked why. She said I don't want you interacting or associating with this person cause he is legit unhinged.

So least to me sounded like she genuinely worries about putting me in the crossfire of this shit

ElFather38 hoy a las 10:42

Well right now she fucked you over by not telling you

And by proxy I got fucked

I liked her y'know, she told me about her daughter and that she's trying her best for her I didn't believe a mom could do shit like this I'm done with Kir btw, fuck that bitch, I'm leaving as soon as this shit dies down properly

Rage hoy a las 10:48

How is it on her? Was she feeding poison in the mods fuckings ears?

No. Winged did that and you saw him do that

[12-30]

Rage hoy a las 10:48

How is it on her? Was she feeding poison in the mods fuckings ears?

No. Winged did that and you saw him do that.

Is dragon a shit starter? Yea.

I got done last night talking with Rhys about dragon.

I'll tell you the same thing I told him.

Before the dev bullshit the first time.

Dragon FUCKING LOVED KIRSCHE she would send me memes. Clips. All sorts of shit. She liked her.

Then. Kirsche built dragon up as this El diablo figure. For idfk. Association with some faggot named spooki IG.

Then the dev shit happens.

Then. Kirsche built dragon up as this El diablo figure. For idfk. Association with some faggot named spooki IG.

Then the dev shit happens.

And who among us tried to milk that situation? Winged. Remember his crybaby narrative?he wouldn't shut the fuck up and kept trying to ride that shit.

Dragon was genuinely hurt when she got banned and treated like shit. And dragon. Doesn't know how to build bridges. When she is upset she goes scorched earth. This is what you've been seeing all this time. Is someone who was genuinely hurt is old 4chan and dealing with it the only way she knows how. I'm not trynna justify btw

ElFather38 hoy a las 10:49

Well then it's a fucked situation no matter how you see it

Rage hoy a las 10:49

It is

ElFather38 hoy a las 10:50

I feel bad for her now I got thrown all the guilt for this situation during this fucking scandal

ElFather38 Did DFD really get treated that badly?

Rage hoy a las 10:56

I don't think you were in chat. But legit they witch hunted her.

Accused her of recording chat. Which ofc how the fuck u prove u arnt?

She didn't want to talk cause she didn't want to get into a shit throwing match.

And hussar was a close fucking friend who back stabbed her and is now pushing lies and fucking slander to make her seem like this evil person.

Is dragon helping her case by threatening him?
No.

But if a close friend of yours who knew where you lived.

Knew your close relationships suddenly betrayed you. I'd bet ud wanna kill em on sight too.

ElFather38 hoy a las 10:57

Man...

Rage hoy a las 11:01

U guys were all friends with hussar so I didn't want to seem like I was starting shit but now? Fuck it I'll tell you what I should have said at the start

He is a opportunistic rat

He will fuck over anyone no matter what if it gets him what he wants.

He was a fucking nobody in devs server. Just one of the guys. In kirrcord? Dude gets to feel special

And he used everyone of you to do it.

Rage hoy a las 11:11

Oh and here I thought I'd let u know

So I'm talking with dragon. And here's two things I want you to know.

1. All she wants is an apology from that shit bag for lying and accusing her of gas lighting
2. Now that she has cooled off she just doesn't want anything to do with kir or shit surrounding kir.

not sure

she asked me to join the new discord shes cooking

and be moderator again

im not interested

shes a young impressionable zoomer, she doesnt like rules

she wants everything to be anarchic

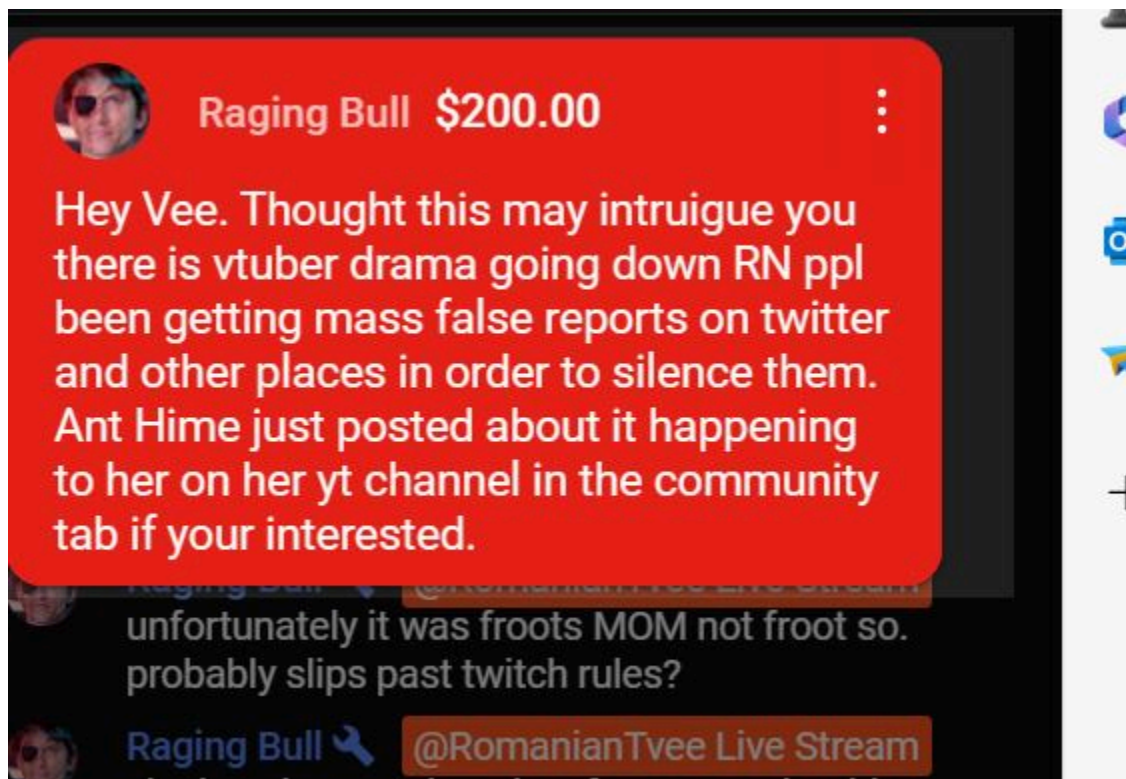

and when you are that way its too easy for someone to post some actual CP which you can get off 4chan easily, post it, then report the server

and Discord blasts the discord immediately

she needs to get it in her head that she needs dedicated mods

where did you hear this from hussar im guessing?

look believe what you wanna believe everyones gonna listen and believe i appreciate you actually talking to me and saying that
cause its nice to know then everyone just not communicating.

Id ask you what proof is there that I am? cause all ik is im being accused of shit.
im not interested in a fight btw. I just want to know what is being leveled at me.

Rage Yesterday at 11:56 PM

i aint mad at you I aint gonna take this personally im just fucking sad people i thought were my friends turned their backs on me.

and wtf? what is the issue with me working with ant hime? she has nothing to do with the situation at all. shes been doing her own thing?

yes i stated countless time for full transparency im friends with DFD and i know dev wouldnt really call him a friend tbh we are not that close at all.

but why in the hell. is the logic your friends with X person therefore bad. so what if your friends with someone who turns out to be a serial murderer you should be punished aswell? makes 0 sense to me.

how do I prove i didnt do something.

i believe I did try and inform that there was some shit DFD made me aware of the uh...fuckin...thing about kirshe that was sent to nux (edited)

I was busy at work but i saw that shit before the server it got dropped in another server. I was keeping an eye out for anything else.

i can send you it but to my knowledge the person who posted it in that server is not the originator

here ik its old and settled (hopefully) but here just for you ill pass this along see if it helps track down the person trying to rep ruin kirsche. cause heres the thing id like to say

at the same time. that shit with kirsche kicked off

my account got nuked

ants server was nuked and ants twitter was suspended with false flags

Rage Today at 12:00 AM

in my digging i believe this was a 3rd party. and i have some proof to that least about the false flag shit.

would make sense if it came from froot cause. in the letter to nux i think it mentioned froot one sec lemme go get it

do you want me to get the actual full resolutions of those images?

and here i have other stuff to show why i think it was someone from froots simps

@Lotus | Probably it is her mom.

Rage Today at 12:18 AM

yes but im stating i believe she does what froot tells her

Lotus Today at 12:20 AM

But in this case I doubt it was her mom or even fruit herself Because kir has only talked about her on stream and to kir his also defended froot

@Lotus | But in this case I doubt it was her mom or even fruit herself Because kir has only talked about her on stream and to kir his

Rage Today at 12:21 AM

do screaming retards get nuance?

and nah im not saying it was froot herself that did the kir thing

im just saying i wouldnt be surprised if in there own communities they orginized this shit

and yea i just red the kir thing again.

specifically mentions froot. so thats why i think it was a froot simp who was ass mad at kir

Lotus Today at 12:26 AM

But as I said, kir defended froot when ant posted her alleged nudes So I highly doubt it was a fruit simp We know dragon fat has people in NSFW She said it herself.

Rage Today at 12:27 AM

ah and i just remembered.

so my conversation with dragons went along the lines of this.

she showed me the email thing in redacted format just as you see there.

she told me someones really pissed off at kir. was a fan who turned when she talked bad about froot.

I had asked if i may know this person cause i wanted to get a name.

she shot me down and told me no. "because he is a schizo and i dont want you to get anywhere near this shitshow"

I tried pushing but you put her foot down she wouldnt let me know and told me its safer to not be involved cause she worries about me.

@Lotus | But as I said, kir defended froot when ant posted her alleged nudes So I highly doubt it was a fruit simp We know dragon f

Rage Today at 12:27 AM

and i retort again. do screaming retards on the internet care if you defended some if you already talked shit about them before? (edited)

you know as well as i do. it doesnt matter. once you have insulted or hurt the sacred cow your a death enemy.

Lotus Today at 12:28 AM

But that person would've had to ben around long enough to get in to NSFW 2

Rage Today at 12:31 AM

okay? and? we were nuking channels but not yeeting anyone but new people right? so how would that affect anything? dude could have been watching kir for awhile. kirsche talks shit during the harry potter game debacle and they could have harbored resentment since then. as far as i know then they could still be in nsfw 2.

brb going to go get mail.

Lotus Today at 12:39 AM

The issue is DFD is going after kir we never had this issue when channels were nuked before. DFD has said publicly that she has people telling her what's going on inside of NSFW and out of everyone we checked, you were the one who checked the most boxes

[17-3]

@Lotus The issue is DFD is going after kir we never had this issue when channels were nuked before. DFD has said publicly that st

Rage Today at 12:50 AM

ok and the only reason you know im friends with dragon etc is because I said I was.

and I had stated she clearly knows the creator of that document but wouldnt even tell me. I tried.

this way of doing things, to me is toxic and really counterproductive. cause whats next being on devs server or liking dev = ban?

I was honest with who i was associated with because i believed the right thing to do is be transparent as a sign of respect and integrity.

I tried to help however I could even talking to dev and trynna mediate.

im not interested in trying to get back into kircord frankly because of this.

im just interested in letting you know and showing you all this stuff bc i do feel this was planned and they may try more shit in the future ive been going down this rabbit hole trying to find leads and sources and make some noise before others are hit aswell.

id also say make sure phase connect are aware. if you still mod for em idk.

Lotus Today at 12:53 AM

You still in contact with DFD?

Rage Today at 12:53 AM

yea

i had talked with her about all this in the aftermath and she told me her feelings on the situation

Lotus Today at 12:54 AM

Ask her why I was banned after posting Spooki Google doc

Rage Today at 12:54 AM

sure

shes asleep rn. but ill see if i can get an answer in the morning. again im pretty sure youve stated this before i think i asked her but again infos on my other account.

i can also look and see if other dev mods can get you an answer aswell.

Lotus Today at 12:57 AM

this is what i mean by it feels like your just looking for holes to confirm your conclusion.
ok hold the fucking phone
why the fuck are you implicating ant?
my brother in christ she hasnt even mentioned kirsche. you want eveidence to prove a negative?
she does not care about kirsche she only knows of her by proxy to pippa.
what more is there? heres all this proof of her not talking about kirsche.

im being a bit over dramatic but i legit dont know whats there to show
we have been focused on the froot shit and get our stuff back i can show thats all we been talking about

 **Rage** | why the fuck are you implicating ant?

 **Lotus** | Today at 1:48 AM
You mentioned her first Completely unprovoked and also, if she said those archives are hers, she's lying. All of that shit is
public information like I said. Plus there's all the times you were trying to swing the conversation over to froot even though I'm
fairly certain she's not involved nor are her simps . I'm not blame dev and DFD out of no where you weren't the only one
collecting evidence.

 **@Lotus** You mentioned her first Completely unprovoked and also, if she said those archives are hers, she's lying. All of that shit is

 **Rage** Today at 1:53 AM

1. full disclosure I assumed they were hers because she was documenting evidence.
2. okay can you tell me where those archives came from cause id like to know for my own interest please.
3. I am certain her simps are involved that is my genuine belief. that is why im focused on the bitch
4. im not sure i understand what you mean about dev and dfd but i dont really care. if they were doing sus shit they were doing sus shit and fuck em for doing so.
5. okay but now your saying ants involved dude thats your words.

also ok heres something you dont know and i call bs if you say you do. shes going on a podcast in december.

 **Lotus** Today at 1:59 AM

I've seen the archives floating around on TVA and Twitter And in the beginning, we did Consider froot but we ruled her out after we got more evidence Which points to DFD and her circle which includes you

 **Rage** Today at 2:05 AM

if that evidence came from hussar while the proof itself is likely valid I dont believe he is genuine at all and will alter or tamper with things to suit his own end.

he stabbed dragon and dev in the backs and then posted screens shots and tried to play the victim till me and rhys called him out. i do not trust that fucker and ill tell you what ive told everyone else. do not trust him. he is only interested in getting clout and status dude would jump ship from you guys to somewhere else if its beneficial. Thats my belief take it or leave it.

anyways alright ill check this stuff out.

btw you still didnt get me the spooki document. can you get that?

Currently doing that and hoping I get a response from Discord and Twitter soon, not sure but apparently it is against Twitter TOS to falsely spam report someone.

Lotus Today at 2:17 AM

If you could also figure out why she's so adamant on defending spooki That'd be cool.

Rage Today at 2:17 AM

oh i know that answer

bc she was friends with him and has been online enough and seen the meetoo false allegations destroy lives and since nothing but circumstantial was provided she disregarded it because she demands concrete evidence. essentially. if he is not being charged and on trial its bullshit. thats and spookie was there stating his case about information. idk if she has seen that document in particular. or if its been update with new information. but hey i can always send it to her.

but now she doesnt give a damn and hates the guy anyways so moot point there she has cut all ties with him.

Rage Today at 2:27 AM

i was just gonna add one more thing

Lotus Today at 2:29 AM

Did she just ignore the 71 page, Google doc
That's spooki himself put out.

Rage Today at 2:29 AM

she genuinely is done with kirsche in any capacity. im not gonna get into it entirely. but tldr she is done fighting and doing stuff. she just wants to be away from it all.

@Lotus | That's spooki himself put out.

Rage Today at 2:30 AM

most likely. she tends to not care that much about this stuff its drama to her and right now she has other things more concerning in her life

she genuinely is done with kirsche in any capacity. im not gonna get into it entirely. but tldr she is done fighting and doing stuff

Lotus Today at 2:31 AM

She said that before And then she continued to mess with kirsche

@Lotus | She said that before And then she continued to mess with kirsche

Rage Today at 2:35 AM

Look all i can tell you is what ik.

i dont want to be trynna play devils advocate for her.

long and short of it is.

she felt wronged.

how she deals with it was that way which wasnt healthy at all i told her such constantly.

and after the kircord drama thats happened she has finally just gotten out of rage mode and is just tired and done with it all. i dont want to delve to deep into her personal feelings cause again. personal.

but i do believe she is done with it she doesnt want to even talk about vtubers at all anymore.

Lotus Today at 2:38 AM

How did she feel wronged? Is it because kir said no to a collab with somebody who tries to unironically groom 2 views or is it because of what happened with dev

Rage Today at 2:39 AM

the dev stuff
and just the constant feeling treated as a pariah

Lotus Today at 2:39 AM

Well, that wasn't the first time she started drama.

Rage Today at 2:39 AM

what was.

cause with the dev situation. to me. it looked liked u guys fucking witch hunted her when all she did is give dev a link which we could all fuckin do.

bc dev wanted to get into vtubers and dragon thought hey im in this server check it out. then everyone lost there fuckin minds bc dev was there (edited)

Lotus Today at 2:45 AM

In general, it was just a bunch of weird things with her. Saying weird things in stream, chat all the time such as trying to bait kir. and then kir finding out that she had her blocked on Twitter And stuff from NSFW being leaked on PCG After that. she was

Rage Today at 7:37 AM
reading your psa. cant you make it so you can see ip addresses?

ZDFR Today at 7:38 AM
I can see the IP anyway.

Rage Today at 7:38 AM
im pretty sure theres a way kinda like E2E where even you cant though. least i a person who doesnt know about computers thinks that anyways (edited)

ZDFR Today at 7:39 AM
If i didn't know the IP i wouldn't be able to see people making alts.
Or ban evading.

Rage Today at 7:44 AM
well thats the trade off with valuing and respecting privacy then isnt it?
and by that logic if getting a vpn hides the ip. then ppl who want to ban evade would just do that

ZDFR Today at 7:46 AM
Then good, they've educated themselves. So I've forced them to at least do that.

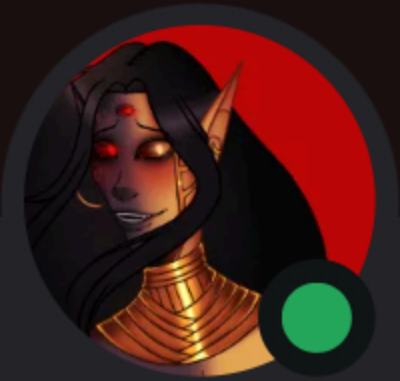

Rage Today at 9:37 AM
ok but id say this.

while its not illegal for you the owner to look at that data to my knowledge anyways. that poses a legal liability for you because then if say ip addresses get leaked you could be implicated being the owner and all. and if your in britain you could get fucked.

pc taken etc.

ik this is a ridiculous case scenario but it is a possible and an avenue for bad actors to attack you from.
just my security advice. thats all

I take it you already saw the tweet then?

Fri 10:05 PM

ye. apparently releasing my whole archive is "too much information and people will ignore it" so i guess i should try to just counter him lying in the video idk man i dont do drama and i dont want to do this dance especially with someone slimy like him

its weird that his mod and their friends are DMing people and lying about me and he defended his mod last time

DFD is apparently a close friend of SFO so i dont know how much i believe shes out of the picture entirely with him currently

Fri 10:11 PM

His tweet, he wants to know what the response was

Fri 10:11 PM

especially because i have screenshots of his other mods saying theres someone filling in for her for a short time, and then her outing her alt account that is modded for him

though to be fair, i have no idea if shes in the new discord after he destructed his old one

what a weird thing for him to do. he wants a very public response?

He told me flat out that she is gone

and he's instituting a policy of 'talk about gay ops get banned' it seems

What you and Dev are telling me is like

Sorta similar with similar beats, I'm getting the idea people might be stirring the pot to get you two fighting.

Fri 10:34 PM

I mean, id believe that DFD initially wanted to start shit between the two of us cuz it would be entertaining. unfortunately for Dev, even when shown evidence of what DFD was doing, he defended her. then later showed he was still being shown screenshots in my locked channels. He was given the opportunity to give up the names of the people actually doing gayops if he was really not involved and he said that DFD refused to tell him the names of the people because they're crazy. he also mentioned parrot4chan was involved with the gayops against me, but i literally know nothing about that person

So far I've just stayed in their Azur Lane channel, so that's what they'll know me for there.

This woman is an actual schizophrenic, so I wouldn't take it too seriously.

Every few months I'll get a message from someone saying she's talking about me in unkind terms again, which is literally the only time I remember she exists at all.

I'm busy actually makin' stuff, ain't nobody got time to care about some random egirl

The ruler has spoken; Either become a subscriber to access the server in full or gain enough favour from one of the @Janitors and they may give you a @@passport which in turn also grants access. The rest of you will be stuck in # the-sewers forever I guess. (edited)

answer back or don't just censor my name as of now if you do choose to post this DM, Dev of course made a new server about 2 months ago and only invited those who are member on twitch/youtube in. I stopped but was still sent one out or respect for supporting him for FOUR YEARS and never really causing any issues, just watching videos, hanging out etc. It seems now that his new server is completely paywalled off. You're relegated to the "sewers" free to talk/chat there or if you pay 5\$ a month or the 100\$ good boy fee it's a permean unlock... honestly I'm tired of him since the pikamii shit but only hung around for the community/people I've known for years now.

8:15 AM

You accepted the request

Thanks for the info. I won't post it publicly, but Kirsche might want to see this since she is being harassed by Dev's fans. Mind if I show her this? I will redact your name.

unfortunately kirsche didn't accept my invitation to go away. considering that she claims to want ME to leave her alone, maybe she'll accept this one, and we can both leave each other alone!

It is. But unlike all the glup shittos that irrationally hate me, this one actually has reach AND is objectively, provably wrong. if she leaves me alone i'll do the same.

I mean, it's happened to me already, twice, with

Kirsche tried doxing one of my friends over the Pikamee/Hogwarts crap that happened last year. She deserves to be blacklisted, her and MarinaVT.

it's not just the leftoids who are having their masks pulled off, eh

Readers added context they thought people might want to know

The presented clip is edited to remove the context.

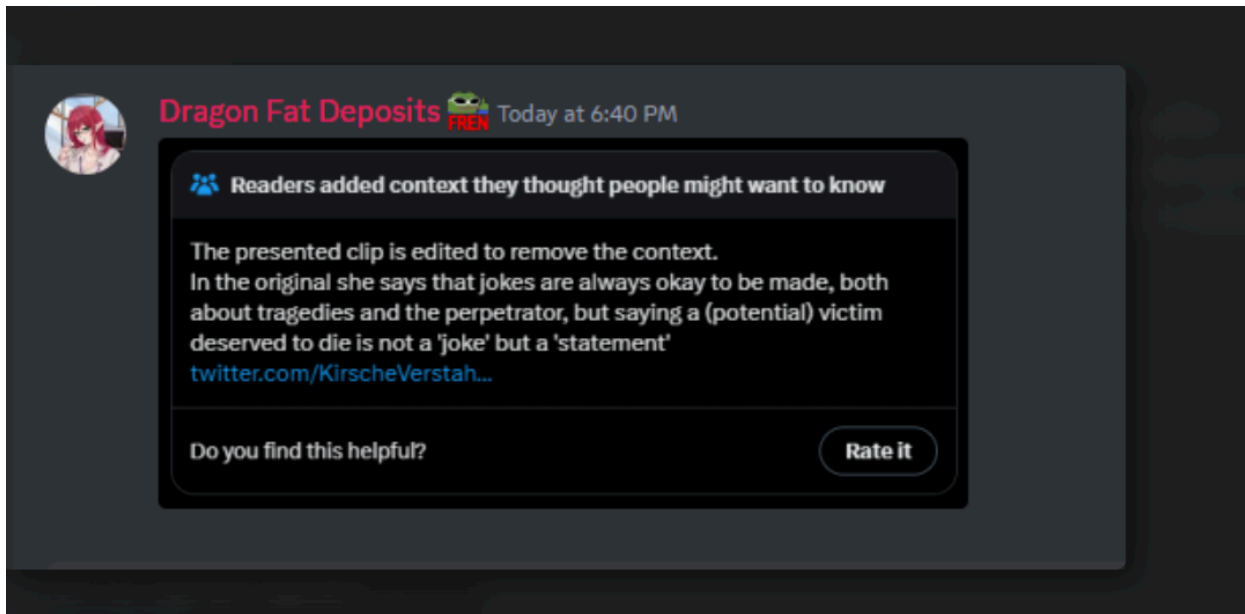

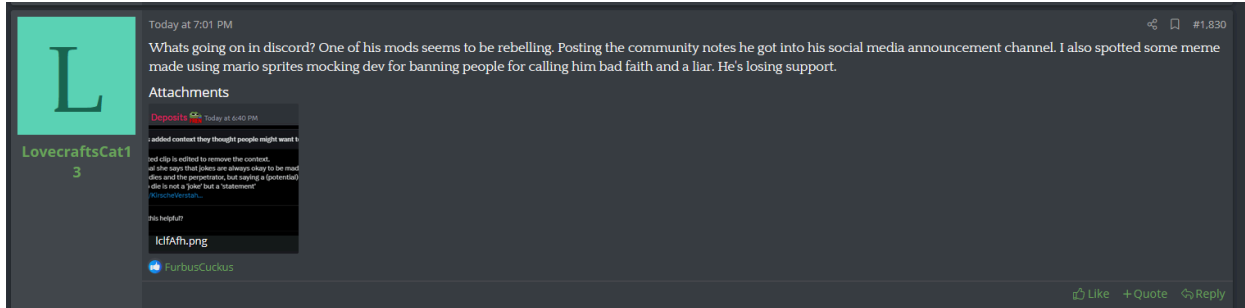

In the original she says that jokes are always okay to be made, both about tragedies and the perpetrator, but saying a (potential) victim deserved to die is not a 'joke' but a 'statement'

yo so, the doc reads like an attempt to tie us all together in some weird conspiracy, which is just... no lol but i cut spooki off months ago, and so did dragon fat, for a bunch of reasons unrelated to you, he's a shit-stirrer everywhere and when i was finally handed proof of it happening multiple times i cut him loose. don't really know rage that well tbh. i dont care what the other 3 do regarding you and i'm not involved with any of it, but i do know that DFD has just moved on as well. she said so publicly in my discord, get one of your sleuths to confirm

frankly i'm happy to chalk this up to spooki being a shitty human being and wormtonguing a situation into existence that snowballed on its own due to my ego and your paranoia, and simply move on. but if you'd rather actually try to ruin me, that doc ain't gonna do it lmao

add this message to your doc| if you like, idc
